DAILY TRIBUNE.

CITY OF CHICAGO.

FRIDAY MORNING, JANUARY 19, 1855.

...ing, and Commissioners offer our fellow-citizens further instruction on the way for a new bridge the necessity of all the property-holders interested in the vicinity and of the city at large.

The Postmaster General is by the amendment to the Post Office appropriation bill, passed by the House, authorized to contract with the Illinois Central Railroad Company for the transportation of the mails between Chicago and Cairo, at a rate not exceeding $6,000 per mile per annum. The bill will be considered in the Senate on Monday next.

Mr. Baker of Madison, said he was opposed to the introduction of jobs and every species of rascality into the appropriation bills. He moved to strike out the enacting clause of the bill. The motion was lost by the following vote:

[Ayes 43, Noes 43.]

Judge Logan offered a substitute for Mr. Reed's resolution, as follows:

Resolved, That the vote of our Senators in Congress, in favor of the Nebraska bill, and Mr. Chase's amendment to the Kansas-Nebraska bill, is condemned by this House. A motion to lay the substitute on the table was lost—Ayes 39, Noes 43.

Judge Logan then offered a substitute for Mr. Reed's resolution, as follows:

Resolved, That the vote of our Senators in Congress, in favor of the Nebraska bill, and Mr. Chase's amendment to the Kansas-Nebraska bill, is condemned by this House.

Mr. Baker of Madison, said he was opposed to the introduction of jobs and every species of rascality into the appropriation bills. He moved to strike out the enacting clause of the bill.

It was lately brought home to certain gentlemen to pass Nebraska measures, and he hoped they would not be omitted. After five minutes' speaking, the question was taken by yeas and nays, and the House refused to strike out the enacting clause by the following vote:

[Yeas 43, Nays 43.]

Mr. Graves of Peoria, said neither he nor his constituents had sought to bring this matter before the House. He was opposed to the appointment of such commissioners as these themselves, if what he considered a degrading attitude before foreigners, and they alone were responsible. If the House chose to appoint commissioners to go to Rock Island, he was willing to be conducted there; but if they were sent on such an errand, they must be sent at their own expense. He was ashamed that the people of this State should be thus degraded before foreigners how much they owned them, and how much they were ready to pay for it. He was willing to pay for the bridge, but he let them gratify themselves to their hearts content.

Mr. Bissell, in reply to Mr. Graves, said he was not ashamed to be a citizen of Illinois. He was not ashamed to be a member of the House. He came from a legislature known as the Senate. The gentleman from Peoria was not guilty of bringing foreign questions before the House, for he had been one of the principal parties in bringing forward the Upper Canada bill. He hoped the question would be taken.

Mr. Lyman of Rockford, said he hoped the resolution would not be postponed. He liked the resolution as they came in, and he liked them better with the amendment. He liked the amendment, and he liked the black ones too.

Mr. Bissell—Then you like the whole batch of them?

Mr. Lyman—I like them all. [Laughter in the House.]

The question was then taken for making the resolution the special order, so that all questions touching the duties of the next session would be out of order, and it was decided in the affirmative—Ayes 46, Noes 40.

Mr. Bissell offered a resolution that the Committee on Education be requested to take into consideration the subject of compelling vagrant children, between the age of five and 21, to attend the public schools, and report by bill or otherwise.

Judge Logan offered a substitute for Mr. Bissell's resolution, as follows:

Resolved, That the Committee on Education be requested to inquire into the expediency of providing for the education of the poor children of this State, and report by bill or otherwise.

Mr. Baker of Madison, said he was opposed to the substitute, and would vote against it. The Committee on Education had enough to do without the additional duty.

Mr. Bissell offered a resolution that the Committee on Education be requested to take into consideration the subject of compelling vagrant children, between the age of five and 21, to attend the public schools, and report by bill or otherwise.

Judge Logan offered a substitute for Mr. Bissell's resolution, as follows:

Resolved, That the vote of our Senators in Congress, in favor of the Nebraska bill, and Mr. Chase's amendment to the Kansas-Nebraska bill, is condemned by this House. A motion to lay the substitute on the table was lost—Ayes 39, Noes 43.

Judge Logan then offered a substitute for Mr. Reed

BY TELEGRAPH,

REPORTED EXPRESSLY FOR THE

CHICAGO DAILY TRIBUNE.

ARRIVAL OF THE CANADA.

Halifax, Jan. 17.

The steamship Canada from Liverpool arrived this evening. The news, though unimportant, is one hundred hours later.

The intelligence from the seat of war is unchanged, except that the allied fleet on the 10th ult., 300 guns in readiness to open fire upon Sebastopol, and after a six hours' bombardment, it was expected the place would be silenced on the south side.

Negotiations at Vienna had been further postponed 14 days, in order to give the Russian minister, Gortschakoff, an opportunity to communicate with his Government. Although great was thought to be wholly improbable, it was not thought to be altogether without hope.

Commercial advices are decidedly the same as previously received by the Baltic.

Provisions active and prices firm.

Breadstuffs unchanged, but the markets were generally very quiet. Quotations almost nominal, the same as received by the Baltic.

Provisions active at previous prices.

London money market unchanged, but consols have declined. Consols closed on Friday at 93 1-4 for money. American Stocks, state and federal are firm.

Manchester, N.H., Jan 18.

The Know Nothings at a convention held yesterday, made the following nominations: Ker, Know Nothing Governor. Elder Pike, of New Market, for Representative in Congress, from Dist. No. 1; Moses W. Tappan, of Bradford, Dist. No. 2; Mr. Hibbard, of Littleton, Dist. No. 3. Mr. Tappan is a prominent Free Soiler, and was one of the editor of the "Granite State Whig," at Lebanon.

SECOND DISPATCH.

Halifax, Jan. 18.

The siege works at Sebastopol are progressing steadily and direct communication is kept up with troops in the valley and the fire was fierce at Balaklava with heavy cannonading.

Sorties are made almost every night by the Russians but on every occasion they have been driven back with loss.

The allies are strengthening their position and will raise new batteries in the morning.

Their troops are more promptly and solidly supported than the Russians.

The prospects look favorable turn in the jaffairs of the allies, and the early completion of the long-expected capture of the city. It is thought no important step will be taken by them until January 25th. In the meantime the armies are in good health and actively awaiting the signal for attack.

The conference at Vienna did not amount to much. The Russian ambassador was not instructed with discretionary powers, and after several sessions, he was obliged to refer to Austria in regard to the four points, he asked time for the delay of 14 days in order to confer with his government.

The Russian interpretation of the points does not amount to much. Having held out so long about the docks, and maintain order, but to fourth sections trouble will ensue, are hundreds still ready to work at the reduced rates.

The steamer Cahawba from New Orleans, via Havana, arrived this evening. No news of importance. The reported recall of Count Cowley was wholly false. No duties of the situation Falcon and serious fears were entertained for safety. Business at Havana was extremely dull. The new crop of sugar came in very slowly and was taken to Spain as soon as in the market.

Louisville, Jan. 17.

Ford and Brother commission merchants, failed yesterday. Liabilities not known. Private advices from New Orleans report the failure of McMurdough & Co. and Penn & Donaghue Cotton dealers.

Concord, N.H., Jan. 18.

Considerable excitement and no little canvassing prevails here in political circles and among citizens generally, by the decision that the Hon. John Wells nominated at Manchester by the Know-Nothings, for Governor, is ineligible by reason of not having the constitutional qualifications of residence &c. being, while the requisite residence of seven years, while he has been but about five years.

Washington, Jan. 18.

An Imperial Decree was issued on the 10th ult., calling on the nation to make every preparation for the war.

Austria.

Eight Austrian batteries of 8 guns each are to be supplied with gun cotton.

Germany.

The Bavarian army is now on a war footing. The Prussian Government has forbidden exports of horses, and has issued a military order calling attention to the law, forbidding Prussians to enlist in foreign army service.

Switzerland.

Switzerland.

Mr. Fay has presented a draft of a treaty with the U. S. for the extradition of criminals. A despatch dated, Berne, Dec. 27 says that the British charge d'affairs addressed an official despatch to the Federal council for permission to enlist Swiss soldiers. The council is said to have replied by a formal refusal, stating that Switzerland would retain absolute neutrality in the great war. This is considered doubtful.

Italy.

The shock of an earthquake was felt throughout Piedmont at 5 o'clock in the morning of the 28th ult.

A fire broke out at Carrara, in consequence of which the city was pronounced in a state of siege, and all arms in the hands of the citizens, ordered to be delivered up within six hours after the notice.

The unprecedented occupation was celebrated, and the Neapolitans while in hated, were played under special benediction.
